

For rich green leaf colour and healthy growth

Helps roots develop for healthier plants

Balanced nutrients to help overall development

HOW TO USE

Shake well before use.

Mix 1 capful or 1 teaspoonful (5ml) of Vitax Bonsai Feed in 1 litre of water and apply every 2 weeks from March to October.

Vitax Bonsai Feed uses mineral and plant-based materials. It contains no animal derived materials, making it suitable for vegan use.

Wash hands after use and wash splashes from skin. We recommend using gloves when gardening. Avoid over watering or allowing plants to dry out as this can cause damage to the roots. Do not keep diluted feed. Keep out of the reach of children. Store out of direct sunlight, in a cool dry place between 0°C and 30°C
